This is a beautiful time of year to pull some soil samples. Remember the long time it took to get results back last spring? In 1970 from August 1 to September 30 we tested 15 samples this year, during the same period, we've run 189 samples.

You are urged to get your samples in now.

We've had trememdous cooperation from the horse, pony, and mule owners in getting their animals vaccinated for V E E. I'm told that nearly 50 mules have been vaccinated. Who would have guessed that the mule population would be so high.

The mule, you know, is a true hybrid and the first hybrid used in agriculture.

Leon Mack has a real fine set-up for the production of flowers. The commercial production of flowers is new to Appomattox County. The more than 400 poinsettias will be a beautiful sight by mid - December. Take the family out to see this new industry.

Last year 46 percent of the dairy and 3 percent of beef cows in the U. S. were bred artificially. The number of beef cows bred artificially was 33.5 percent greater than in 1969.

Grain sorghum production is up significantly and attempts to harvest and store it as grain may bring on some problems.

Sorghum is more difficult to dry than shelled corn and more difficult to maintain quality in storage. Most growers find it necessary to harvest before the grain is dry or cool enough to store properly.

Storage problems are minimized when the moisture is brought down to 12% and aerated in storage to maintain a low differential between inside and outside temperature.

Looking for a "different" shrub? The Bradford Pear is a thornless seedling from the Callery pear. This pear is a wild species that was discovered in China by a USDA plant explorer.

Bradford has been described as "the tree for all seasons" because of its ability to stage a succession of ornamental displays from March to November. It has flower clusters in spring and shimmering leaves through out the summer, which turn to shades of red in fall.

This is a fast growing tree reaching a height of 12 feet in 4 years.

We've seen the bermuda plantings of John Alvis and Bob McCleny in recent weeks. They will not get a complete cover this year due to a late planting date - but with good management, a complete cover will occur by the end of next summer.

Beef cattlemen should take a look at these new forage plantings.

Sam Davidson's beef herd was one that we used in the fly control test - demonstration program this summer.

Sam tells me that this is the first time in three to four years that he hasn't had a case of pink-eye. Could this be because he has had an effective fly control program.

SMV Emblem Available At Farm Bureau Office

Recent federal regulations require that slow moving vehicles display a safety emblem on the rear of the vehicle.

County Farm Bureau President Earl Pickett announced today that official Slow Moving Vehicle emblems will soon be available at the Farm Bureau office in Appomattox.

"The law requires that these emblems be attached to the rear of slow moving vheicles when driven by farm employees and used on public roads," said Pickett. Deadline for use of SMV emblems is October 30.

He said that both steel and decal emblems will soon be available to Farm Bureau members at the county Farm Bureau office located at Church Street each Wed. and Fri. from 9:30 a.m. to 12:30 p.m.

The official size of the emblem is a 16 inch by 14 inch triangle and in a two tone fluorescent orange color. By day the SMV emblem gains the attention of approaching vehicles at distances up to one-fourth mile. At night they glow in the headlights of approaching cars.

Farm implements are also required warning devices to members at reduced prices because of volume purchasing power provided by the 25,000 Farm Bureau members in Virginia.

Farm Bureau supported the voluntary use of SMV emblems for several years before they were required by law. This was part of the Farm Bureau safety program to reduce highway accidents in Virginia.

Baptist College Registers 235

Lynchburg Baptist College, the newest addition to the Christian educational world, opened its doors to students September 10, 1971. This four-year coeducational liberal arts college, offering a baccalaureate degree, registered 235 students --135 full-time and 100 part-time-- in what may be described as the largest student body for a beginning Christian school. Dr. Jerry Falwell, President, expects a student body of 3,000 students within seven years and a rapid expansion of college facilities.

Dr. Falwell had previously announced the college's Magna Charta to be "Discipline, Soul-winning, and Separation." When interviewed regarding the name, Dr. Falwell said, "We would like to see it become a university, but we have to crawl before we walk." He said the college's purpose is to train students for full-time service in their local churches.

Dr. Falwell, founder and pastor of Thomas Road Baptist Church in Lynchburg, said the college's buildings, and facilities are those of the Thomas Road Baptist Church. The rapidly growing church is expected, according to Dr. Falwell, to furnish the bulk of the college's student body.

Dr. Falwell, founder and pastor of Thomas Road Baptist Church in Lynchburg, said the college's buildings, and facilities are those of the Thomas Road Baptist Church. The rapidly growing church is expected, according to Dr. Falwell, to furnish the bulk of the college's student body.

Four academic divisions are listed in the bulletin announcing the college's plans along are: Bible, Christian Education, Church Music, and Liberal Arts. Preparation for Christian service and for graduate study in Christian schools is emphasized.

IN MEMORIAM

In loving Memory of our Mother and Grandmother, Maude G. Shupe, who departed her life four years ago, Sept. 21, 1967.

The memory of someone dear
Is like a thing of gold.
It never dulls or tarnishes
Or grows the least bit old.
It is a perfect picture
Of a rainbow in the sky
It is a portrait of a past
That cannot ever die.

IN MEMORIAM

In memory of Travis Taylor Wooldridge; who passed away six years ago, October 1, 1965.
We who loved you sadly miss you
as it dawns six years.
In our lonely hours of thinking
Thoughts of you are always near.
God gave us the strength to face
It and courage to bear the blow.
And what it meant to lose you,
No one but God will know.
Many a sorrow, heartache,
Often a silent tear,
But always beautiful memories
Of the one we loved so dear.
Sadly missed by his wife, children, and grandchildren. 9/30/1p

ELSIE GILLS FLOYD and OLA B. HARRIS
Complainants
v.
ORDER OF PUBLICATION
E. J. BRIGHTWELL, ET AL
Respondents

The object of this suit is to effect partition amongst the owners by sale or otherwise of the real property in Clover Hill District, Appomattox County, Virginia, containing 593/4 acres, more or less, of which Frank B. Gills died, seized and possessed.

And affidavit having been made and filed that Nannie Brightwell, Nancy B. Breme, R. H. Brightwell, Mrs. Katherine Morrison, Miss Susan Chevrie, Capt. Alan M. Smith, Miss Barbara Donnelly Smith, Mrs. James R. Hooper, Jr. and Mrs. Barry Seevers are not residents of this state; and the bill stating that there are or may be persons interested in the subject to be divided whose names are unknown and making them parties defendant by the general description of "parties unknown", and affidavit having been made and filed that they are unknown, such unknown parties being the widow and heirs, devisees and successors in title of Edgar C. Gills, brother of Frank B. Gills, who died many years ago.

It is ordered that the said nonresident defendants, namely, Nannie Brightwell, Nancy B. Breme, R. H. Brightwell, Mrs. Katherine Morrison, Miss Susan Chevrie, Capt. Alan M. Smith, Miss Barbara Donnelly Smith, Mrs. James R. Hooper, Jr. and Mrs. Barry Seevers, and the persons made defendants by the general description of "parties unknown" do appear within ten days after due publication of this order and do what is necessary to protect their interests.
